Introduction.

WE have pleasure in placing our New Catalogue for Ornamental Castings before the building trade, and stating that it is most complete and up-to-date, showing several new designs. The Castings are all high-class and true to pattern, and measurements in all cases are exact.

In ordering Verandah Castings please state whether your requirements are for Turned or Capped posts. Keep to measurements shown in Capping the posts whenever possible.

When requiring Friezes be careful to state whether you require Fringed Frieze Combination or Frieze and Fringe to be used with a Frieze Rail.

In ordering Verandah Castings be sure and take exact measurements from post to post. We will do the rest.

The prices for Friezes are to be reckoned at per foot from post to post, and for Fringes from point to point of brackets.

If requiring Columns and Cast Panels, please state whether you require them fitted with Lugs for Wood or Dowels for Slate or Cement Kerbs.
